Testimonial

I have recently completed the workplace training course Certificate IV in Transport & Distribution (Warehousing & Storage) and found it to be extremely beneficial.

My trainer, Darin Phelan, was able to develop my knowledge of the subjects covered and improve my skills in many areas. He related topics to my place of work and used my assessment tasks to help me to see benefits and improvements in our warehouse.

The course was tailored to improve my skill level and knowledge of the business and flexible enough to allow me to develop at my own speed and using my own initiative.

Aquarius Distribution and I would recommend Darin to any company wishing to develop their staff with in-house training. I would like to personally thank Darin for his conscientious training and for making the course not only interesting and challenging but enjoyable and rewarding too.

Kind Regards

David Casey
Logistics & Warehousing Manager
