

This is a quick note to give you some feedback regarding the training that Choice supplied to Blue Star staff during 2006-2007.

Everyone who participated in the course Certificate III Transport & Distribution are very happy with their results and have put into practice many of the things learned during that time, which is helping the company in its endeavors to move forward. I'd like to say that our instructor Scott Van Noordenen was a very pleasant man who was very easy to understand and communicate with should anyone have any problems in understanding the work set out. He was very helpful in keeping people up to date with work, putting in extra time when they weren't able to attend due illness, annual leave or attending important meeting that just couldn't be missed. I believe that everyone enjoyed the way in which Scott made learning quite an enjoyable experience.

We are approaching the end of another year so on behalf of Blue Star Logistics I would like to wish all at Choice Solutions a very merry Christmas and a safe and prosperous New Year.

Kind Regards
Jeanette Hughes
