To Whom it May Concern

Early last year we began a journey with Choice Training Solutions. In the months leading up to this journey we were contacted by numerous training providers offering many and varied packages and assistance for training on our site at Lyndhurst.

After a great deal of discussion with our Management Team and the potential providers we decided to go with Choice Training Solutions which has proved to be an excellent choice.

They have provided us with the hands on tools needed to give all the information and training to the trainees. Both Nathan Wheldon and Terry Cranage have visited the site at all hours of the day and night on a number of occasions to present information to the troupes and sometimes just a chat to see how they are going. The ongoing support is great. Jacqui Bollas has also visited our site and keeps in regular contact making the administration side a breeze, preparing the never ending pile of paper work needed to complete the government training, making my job much easier.

There have been some hiccups along the way but with the on going support of the Choice Training Solutions team we always get through.

The Management and staff at BlueScope Lysaght, Lyndhurst would like to thank Choice Training Solutions for their enthusiasm, professionalism and ongoing support.

Karen Hart
Operations Team Assistant
