Attention Jacqui Bollas:

To whom it may concern,

Having dealt with Choice Training Solutions with certificate courses within our business, I would like to say that this organisation, and in particular our account manager Jacqui Bollas, **has delivered well beyond excellent service, flexibility, and professionalism.**

**I would like to personally recommend them highly to any organisation, both large and small, who wish to utilise an RTO or training company to deliver training. The quality of the facilitators and training materials are high.**

**The fit and understanding of our organisation has been excellent.**

Sincerely,

David Smith
